CATERING MENU

Steel Grill 51 has been providing catering since 2013. We began under the name of Moveable Feast Pittsburgh. In March of 2020, we opened our first restaurant, the West E Diner. In 2024 we purchased a larger facility, Steel Grill 51, and continue to provide catering services.

We offer catering on site at our new facility in our Banquet Room as well as off site at your designated venue. Our Banquet Room accommodates up to 90 guests for either buffet or full service.

When catering is at another venue, we will deliver and set up your food/ beverages. Need servers or bartenders for your event? We can also provide staff as well for an additional fee.

Please call at least 48 hours in advance to cater for small parties up to 20 guests. Please call 5-7 days in advance for larger orders over 20 guests.

Choose a Package or create your own menu from our a la Carte menu. Don't see an item you want, just ask. We list the most popular elected items, but we can make just about anything. We are also able to provide select menu items as gluten free
